Dear Parent / Carer

As part of our dedication to ensuring that the needs of students at Stanborough school are identified early we will be running a literacy screening program over the following fortnight with Year 7 classes in their usual library lesson.

This screening tool is called LUCID and looks at spelling, word reading, comprehension, comprehension speed, typing speed and handwriting speed.

Your child's results will be shared with their teachers and the SENDCO will use this information to inform Year 7 literacy interventions. Your child's tutor will also have the results of this screening.

Any students whose scores are in the below average range will also be screened again in Year 9/10 to check where they are and to provide data for access arrangements in their Year 11 exams.

These scores are only a snapshot of your child's literacy progress and we will take many other factors into consideration when looking at where they are in terms of their literacy.

Yours faithfully

Mrs K Jones
SENDCO
