Headteacher: Mrs M John

8 January 2021

Dear Parent/carer

### **Temporary increase in mobile data allowance**

As you may have heard the Government are working with mobile networks to offer temporary increases in data allowances for mobile phone users on certain networks. This will allow other devices to connect to the internet via a mobile phone so children and young people can access remote education if their face-to-face education is disrupted.

This support is now available to all children in years 7 to 11.

Children with access to a mobile phone on one of the following networks might be able to benefit:

- Three
- Smarty
- Virgin Mobile
- EE
- Tesco Mobile
- Sky Mobile

Other providers may join the scheme at a later stage.

To make a request for mobile data increase you will need read the government's privacy notice at [get-help-with-tech.education.gov.uk/increasing-mobile-data/privacy-notice](https://get-help-with-tech.education.gov.uk/increasing-mobile-data/privacy-notice) and provide some information regarding the mobile phone account. This can be completed here: [Click here to request an increase](#)

Once a network provider has processed a data increase, they will send a text message to the account holder. Each provider will vary in how quickly they process requests.

Yours faithfully

Mr A Green  
Assistant Headteacher
