Assisted Reader and Dictate Guide

Grow and Succeed

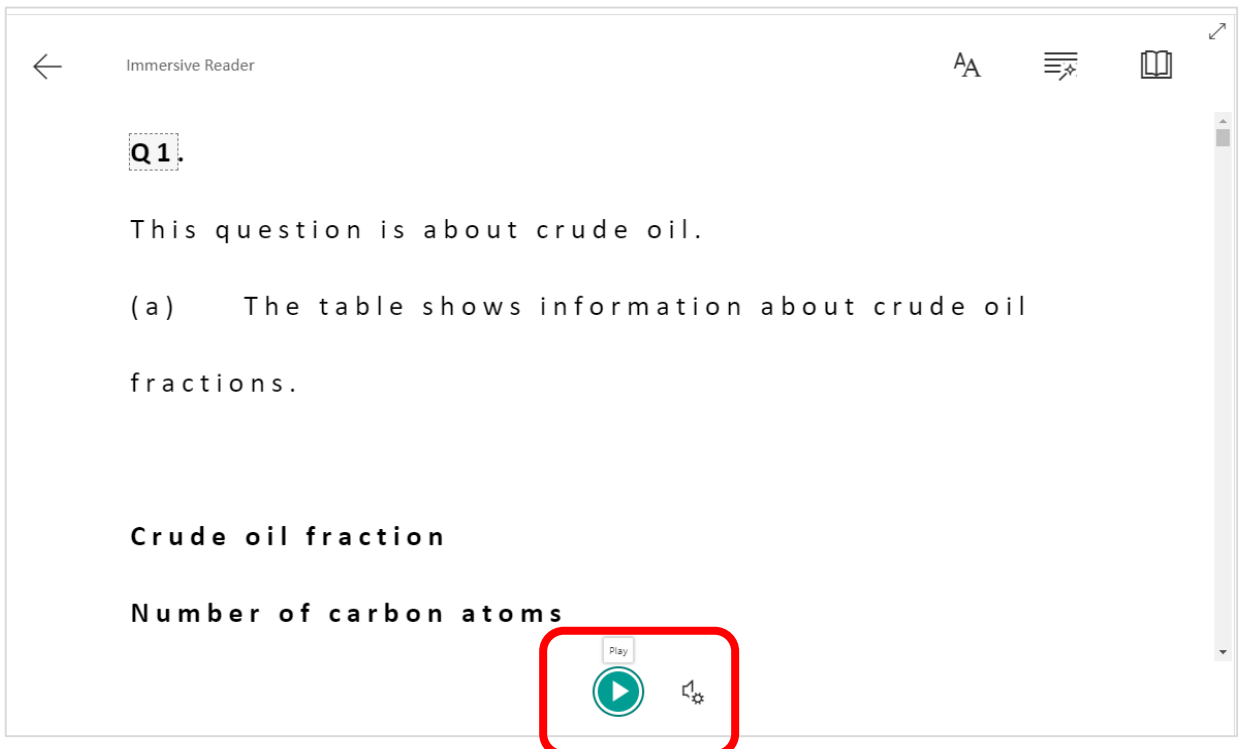

High Expectations | Mutual Respect | Quality Learning | Success for All

Assisted Reader

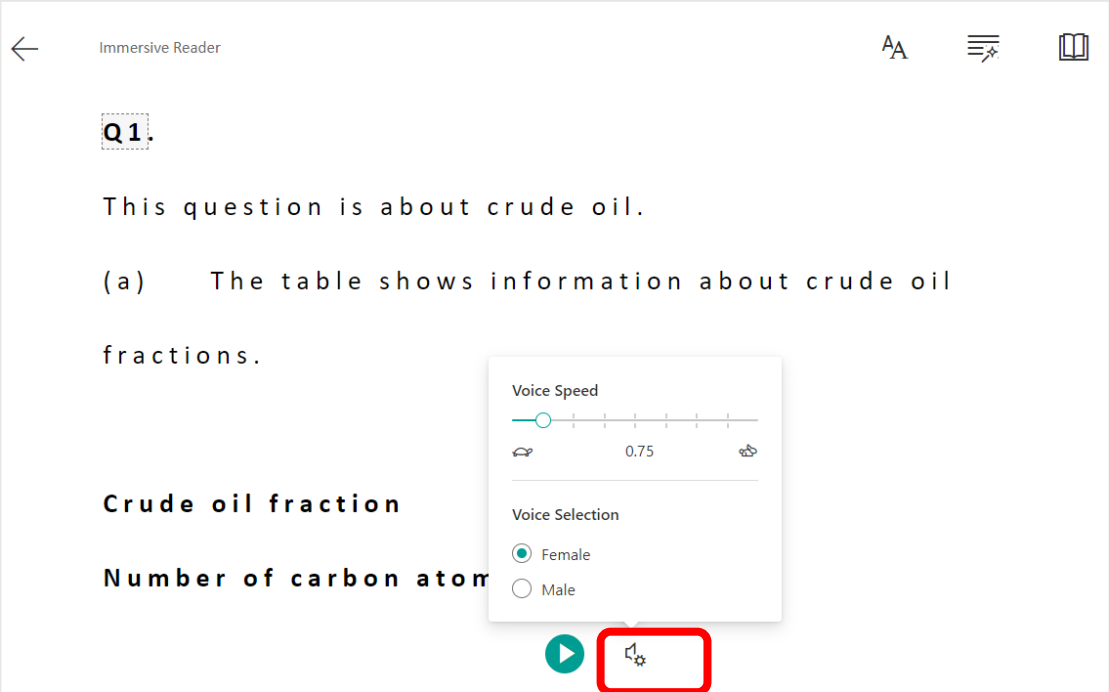

1. Open up the word assignment and go to View > Immersive Reader.

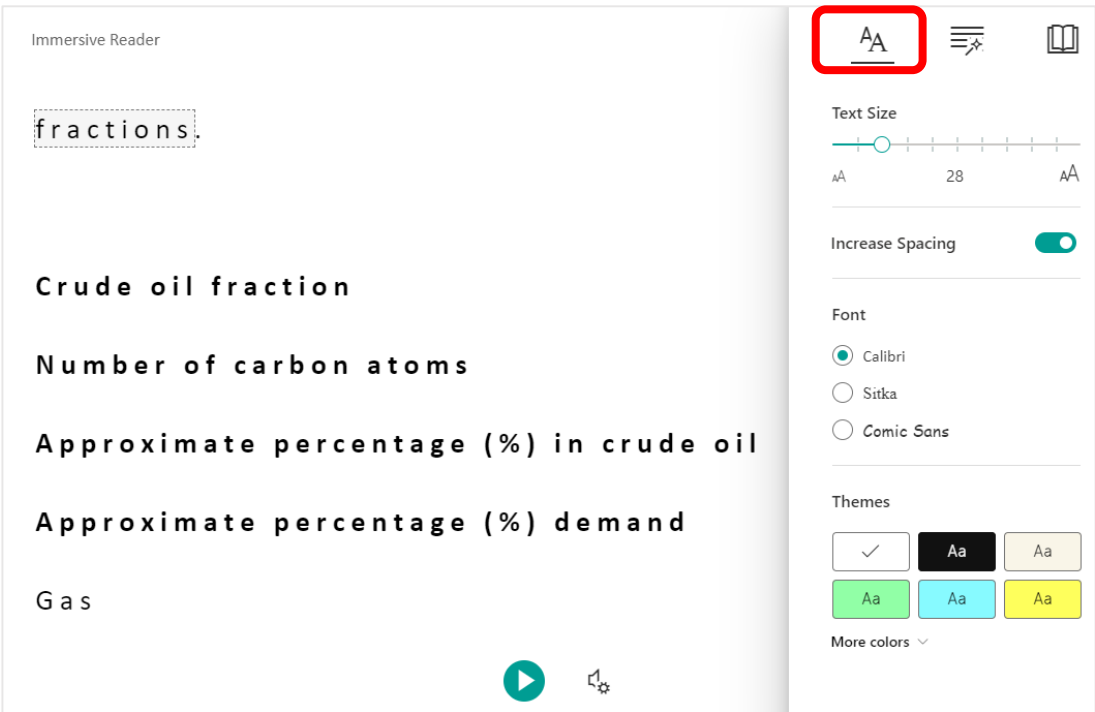

2. Click on Immersive reader. Place your cursor in front of the line or word you would like to be read to you and click the play button at the bottom of the page.

3. You are able to change the speed and voice by clicking on the icon next to the play button:

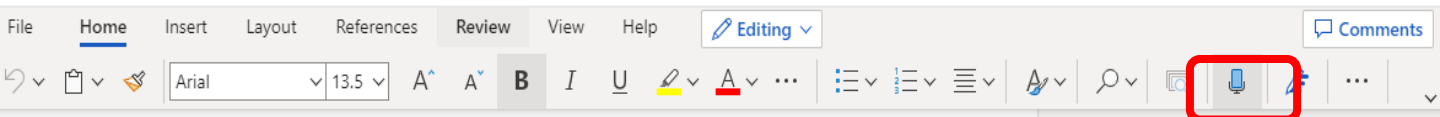

4. You are able to change the text size by clicking on the AA sign at the top of the page:

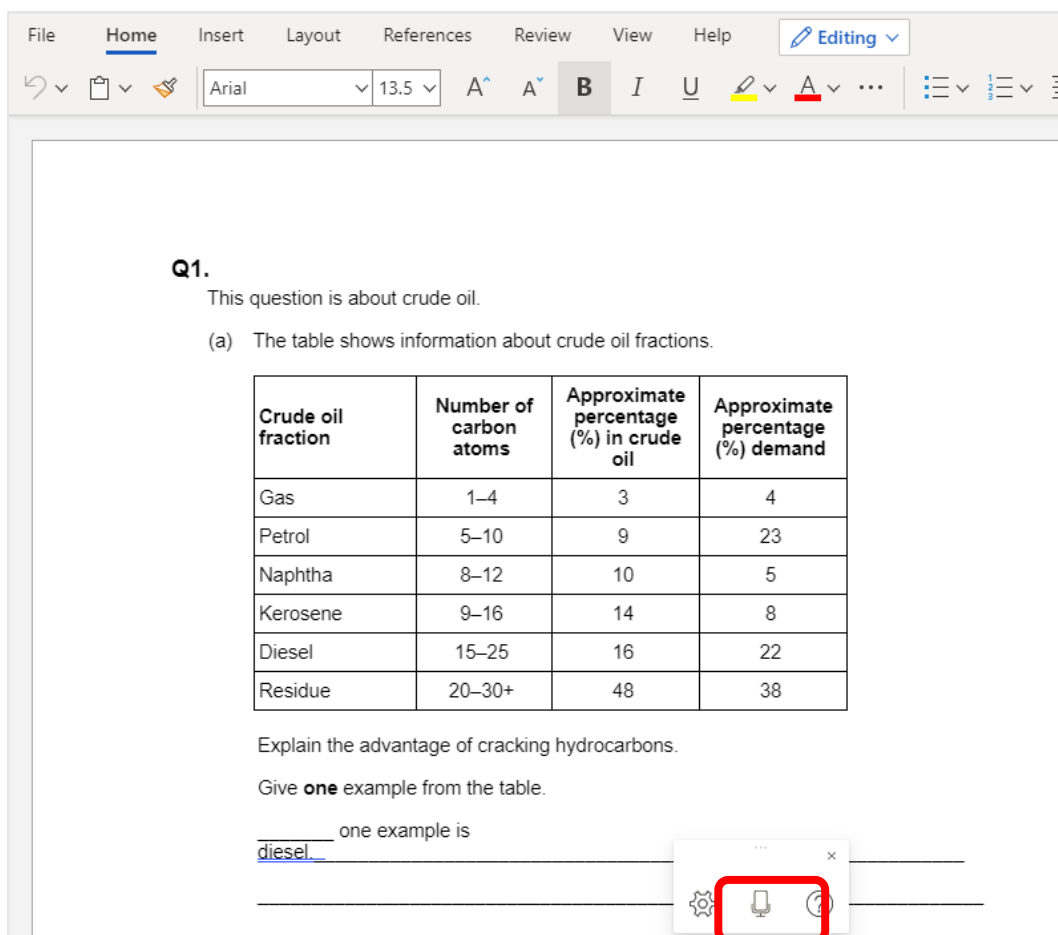

Dictate

1. Open up the word assignment and go to Home > Dictate. First time users will be prompted to enable microphone permissions.

2. A mic will appear at the bottom of the page. Wait for it to turn on to be sure it started listening.

Q1.
This question is about crude oil.

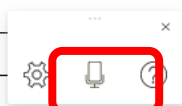

(a) The table shows information about crude oil fractions.

Crude oil fraction	Number of carbon atoms	Approximate percentage (%) in crude oil	Approximate percentage (%) demand
Gas	1–4	3	4
Petrol	5–10	9	23
Naphtha	8–12	10	5
Kerosene	9–16	14	8
Diesel	15–25	16	22
Residue	20–30+	48	38

Explain the advantage of cracking hydrocarbons.

Give **one** example from the table.

_____ one example is
diesel_____

A floating window at the bottom of the page contains three icons: a gear, a microphone, and a speech bubble. The microphone icon is highlighted with a red rectangular box.

3. Exit the dictation by pressing the mic button or close (X) button.
4. Use a list of commands to dictate punctuation or add these manually at the end of the dictation.
