

Stanborough

Mathematics & Computing Academy

Headteacher: Mrs M John

July 2021

Dear Parent / Carer

When the students return to school in September, the government has asked all secondary schools to offer two lateral flow tests to the students.

Further details of these tests will be sent out before the end of term. If however, you would like to use the home testing kits instead, then we can offer these as well. The government has said that these tests will not be offered over the summer holidays. We do however, have spare tests so, if you would like a box of test kits for the summer holidays, then these can be picked up by students at student reception before the end of term.

Yours faithfully

Mr T Braybrook
Deputy Headteacher
