Dear Parent/Carer

We have many parents and carers send us positive messages and complimentary communications throughout the school year and we are very grateful for these messages. As I am sure you can understand, it is very important as a school to have a positive image in the local community and beyond to ensure that all our good work is recognised and seen by others. In a year where despite the problems and difficulties thrown up by the pandemic, most of our students have received excellent exam results and the majority of Post 16 students have gained their first choice of university or apprenticeship, there is much to celebrate!

With this in mind, we would really appreciate it if parents / carers could write a positive review of the school for Google Review. This could include any aspects of school life that you feel we do well in such as specific subjects, extra-curricular activities, support for students or anything else! The link to the review section is shown below:

Once you are on this page, scroll down and on the right hand side you will see a 'reviews' section, please click on the google reviews to open a new page where you can select 'write a review'.

Thank you in advance for completing this for the school, it is very much appreciated.

Yours faithfully

Mrs John
