

Stanborough

Mathematics & Computing Academy

Headteacher: Mrs M John

11th May 2022

Dear parent/carer

There is an expectation that all students wishing to enter Sixth Form will attend their school's Sixth Form Induction Programme. Students should attend in 6th form uniform, equipped with resources to support completion of school work. If it is not possible for them to attend, please email Mr Maidment to explain the reason for non-attendance.

The programme comprises two parts:

- On the morning of Friday 24th June, they will be welcomed into the Sixth Form, where they will learn about Stanborough's expectations and the opportunities available to them. This session runs from 8.40am to 10am.
- From 27th June to 1st July, they will attend lessons in each of the subjects they are time-tabled for next September, including any subjects for which they have been placed on the reserve list pending results.
- They will receive an Induction timetable shortly.
- Transport will be in place to take them between sites at lunchtime; they will receive information about this during induction on Friday 24th June. They make their own way to lessons in the morning and from lessons in the afternoon.

For each subject there are induction assignments. These assignments may include pre-reading tasks which they will need to complete before the induction lessons. Additional tasks will be set to be completed over the summer, and they will receive further information on these during their induction lessons. All the induction tasks will be made available to them on the Consortium website, (www.welwynhatfieldconsortium.org.uk/induction-packs).

Warm regards

Mrs Z Armitage

Deputy Headteacher (Teaching and Learning)
