

Message from the Headteacher – Mrs John

And so, at last we have come to the end of the Autumn Term. We have ended this term with a celebration for our GCSE and A Level students from 2021/22 in the form of our annual presentation evening. Congratulations to all the students on achieving such wonderful exam results in the summer. It was lovely to see you all again and celebrate your success, particular congratulations to those who also won an extra award as nominated by their teachers. We wish you continued success for the future.

As you will see over the page we also celebrate the achievements this week of our current students who have achieved the top ten attitude to learning scores this term. A special assembly has been held for each year group today to celebrate student achievement this term. The students with the highest ATL scores are invited to spend break time with myself at the start of the new term in January. This end of term edition also showcases the House events that have been held this term and the results. We look forward to many more events in the New Year. House points are pretty close and we could have a new winner by Easter! Can I please also say a huge thank you to the response to our students' wish list of books on Amazon. We have received a big delivery and the students are thrilled.

I wish you all a happy Christmas and hope you enjoy a restful break.
See you back on Thursday 5th January 2023!

Cruse Bereavement Charity

Mrs Vlijter, Assistant Headteacher, writes:

This half term we are pleased to have had three different opportunities to raise money for our school charity.

Christmas Jumper Day - raised £701.49

Yuletide Soiree - masterminded by Mollie Mardel - raised £601.52

Carol Concert - raised £25

Christmas Video - this amount is up to you. Please donate to:

www.justgiving.com/Stamborough-School-Cruse-Bereavement-Support

In exchange for a glimpse of this year's staff video - produced by Bomo Alagoa.

[Staff Christmas Video 2022](#)

Have a Merry Christmas!

JANUARY HOUSE COMPETITION – MOBILE PHONE RECYCLING

Dr Searle and Dr Jolly, Science Faculty, write:

Have you got an old mobile phone languishing in a drawer? Are you hoping for a new phone for Christmas? Like me, did your provider tell you that your old mobile phone was too old to be reconditioned?!

If you answered YES to any of those questions, you will be pleased to hear that, during January, we will be collecting old mobile phones and other electronic devices for charity.

However old they are, these devices contain precious metals and other elements, some of which are in short supply. Many charities, such as Oxfam and Little Lives, collect old devices and sell them to specialist recycling companies to be broken down. This reduces the need to extract more of these precious substances from the ground, therefore reducing the destruction of habitats and landscapes and the huge demands of these activities on energy resources.

So it's a big WIN for the charities, you and the planet!

If you have the chance over the Christmas holidays, please hunt around for these old devices and ask around among friends and family. All we ask is that you make sure that you have removed the SIM card, any data or information saved on the phone and, if possible, reset to factory settings.

Thank you.
