

Stanborough

Mathematics & Computing Academy

Headteacher: Mrs M John

January 2023

Dear Parent/Carer,

I hope that you and your family have enjoyed a restful Christmas break and that your child has made a good start to the term.

As we are entering the second term, we are preparing for end of Year 8 exams. Exams will run from 2.5.2023 – 15.5.2023, please see the attached timetable.

This is an ideal time for us to formally assess students and ensure support is provided to students in their transition to Year 9, when they will select their option subjects for GCSE.

These exams will be taken in normal lessons under formal exam conditions. This is to provide the opportunity for students to become re-acquainted with the rules and expectations of public examinations.

Students will be preparing for these exams in lesson but also during independent study time at home. In terms of support at home, I suggest the more recent BBC Bitesize website (<https://www.bbc.co.uk/bitesize/levels/z4kw2hv>) which has a range of subject information, tasks and revision quizzes to prepare students for their exams. A summary of the curriculum covered in each subject is available on our website: <https://stanborough.herts.sch.uk/subjects/>

Results of these exams will be formally shared in the Progress Update 3 report at the end of the academic year, although teachers will share results with students prior to this in lessons, once all exams for a subject have been marked and moderated.

We recognise that the examination periods can be worrying and stressful for students and your child's wellbeing is our main priority. Please contact your child's tutor or year team if you have any concerns.

I hope these exams will be a valuable experience for your child and I wish them every success.

Yours faithfully,

Ms D Kohls
Deputy Headteacher
