

Stanborough

Mathematics & Computing Academy

Headteacher: Mrs M John

6th September 2024

Dear Parent / Carer

Road Safety

I would like to remind you that there are parking restrictions and other safety measures on Lemsford Lane, which include double yellow lines. All students and parents should think seriously about safety when travelling to and from school.

The staff car park and visitors' car park must not be used by parents to drop off or pick up students at the beginning or end of the day and resident's driveways should not be used or blocked.

We encourage parents to drop off and pick up students from the Stanborough lakes car park at the start and the end of the day as this will avoid congestion in the roads surrounding our school.

Students walking to school should be particularly careful crossing the road and use the proper safe crossing places shown by the raised areas of the road.

The staff car park is out of bounds to students, and they must not endanger themselves by cutting through to enter or leave the school. Students also must not walk through the front visitor's car park and must go straight through the door opposite the pedestrian gate they have entered through. We are fortunate that we have separate pedestrian entrances, which all students should use.

Students travelling by bus should ensure that they keep away from the road when queuing for the bus.

We hope that you will discuss these issues with your children and that they will think seriously about their own safety.

Yours faithfully

Mrs John
Headteacher
