

Stanborough

Mathematics & Computing Academy

Headteacher: Mrs M John

November 2024

Dear Parents/Carers,

Year 9 Work Shadowing Day

This letter is to make you aware that as part of our Work Related Learning curriculum, there will be a Year 9 Work Shadowing Day on **Monday 14th July 2025** which will involve your child.

As part of the school's careers strategy programme, we will be asking you to make arrangements for your child to experience a day in the workplace on **Monday 14th July 2025**. This could be with a parent, relative, friend or neighbour. It is hoped that a **shadowing** day in the workplace will enable students to learn a great deal about the responsibilities of work and help them consider future choices. Monday 14th July is a learning enrichment day for the school and normal Year 9 lessons will not be running. We hope that over the Christmas break you may get the opportunity to consider possible opportunities with yourselves, friends or extended family so that we can log each student's placement in the Spring term.

Further information will follow later in the school year.

If you have any further questions about the day, please contact me.

Yours faithfully

Mrs Stamp
