

Stanborough

Mathematics & Computing Academy

Headteacher: Mrs M John

16th January 2026

Dear parents and carers

We are writing to give you an update on plans for the 2026 Year 11 prom, which will take place on Friday 26th June. This year, we have taken the decision to host the prom ourselves. This in itself opens up many exciting opportunities for students to take far more ownership and creative control over this very special event. Members of the prom committee are already enthusiastic and are putting together a 'vision board' as we speak!

Whilst hosting the prom ourselves will allow students to really put their stamp on what will be an unforgettable evening, there is another important reason why this decision has been taken. Whilst proms in previous years might have seemed reasonably priced for a ticket, in more recent years (and based on quotations from venues for this year), tickets end up being upwards of £80 each. Add to this transport, outfits, hair etc, it has become a celebration that is simply out of reach for many of our students. With the prom being about celebrating everyone and 'one last time' for the students to be together, we truly feel that hosting it ourselves will make the ticket cost affordable for all. Meaning we hope more students than ever can and will attend.

We are completely confident that the students (and parents!) will see on the evening that it really is possible to hold a memorable, beautiful and special prom right here, at Stanborough.

Any students with fabulous ideas should direct them to members of the prom committee to collate! Can't wait to get planning! More details to follow...

Thanks, as always, for your continued support.
