

## Mathematics & Computing Academy

Headteacher: Mrs M John

2<sup>nd</sup> February 2026

Dear Parent/Carer,

### Re: MFL February Half Term Revision

As you will be aware, your son / daughter will be sitting their final round of mock exams when we return from February half term. For French and Spanish, students will be sitting a writing mock exam, which is 25% of the overall grade in the final weighting for the GCSE.

Ahead of this writing exam, whilst we have been working hard in class, students should be doing some independent revision to support them with this. It is important that students strive to do their best so that they can ensure they are aware of the final areas of development to secure in the weeks building up to the final exam to ensure maximum success in the summer.

To support their revision, students must complete the half term homework (Seneca and Exampro) which has been set by their class teacher, and which can be found on Class Charts. Students can also use their CGP revision guides, their own class notes, BBC Bitesize and Quizlet for vocabulary.

To further support and prepare students, they can access all the prior topic lessons, vocabulary sheets and work on the Student Hub. On the Student Hub, students have access to exam skill information (including technique and strategies to gain maximum marks), and further practice questions and sample answers which they can use.

Students can access the Student Hub via their Outlook (school) email account. Students log into Outlook and then click the waffle looking icon in the top left corner, from there they go to 'Share Point' which will take them to the Student Hub where they can find the MFL folder with the resources for the relevant language in.
